M1100

Fast, accurate and exremely durable

Versatile, accurate and incredibly fast, the Marel M1100 series generalpurpose grading and packing scale is designed to meet the need for a flexible, extremely robust scale in on-board processing.

- Designed to withstand the harsh conditions of a marine environment
- Easy to clean
- Weighing range of 1.5 kg to 150 kg
- Compact design and small footprint
- Single or dual-range operation
- Water-resistant to IP67 and IP69K standards

The Marel M1100 series provide accurate on-board catch weighing that reduces give-away and decreases turn-around times. The scales ensure improved efficiency, greater weighing accuracy and, improved catch quality.

Linked by Marel software to a label printer and PC computer, this compact and cost-effective system enables skippers to land catches weighed, graded, boxed and labeled, ready for sale.
