M2200

High-end grading and packing scales

Built to endure

Designed for minimal maintenance, the M2200 is accurate, robust and highly stable. Suitable for use with a wide variety of weighing platforms or hoppers, the scale is custom designed to withstand the harsh conditions of a wash down environment. The M2200 is water-resistant to IP67 and IP69K standards, while its smooth, rounded edges and easy-toclean surfaces are designed for maximum hygiene.

Complete control

The M2200 can easily be connected to external devices such as printers, barcode readers and labeling equipment as well as network computer systems. The CAN interface also makes it simple to control relays and air valves. The series TCP/IP networking capabilities offer a complete overview of both weighing procedures and data as well as equipment control.

Suitable for a variety of packing operations the Marel M2200 is one of the fastest scales available. The versatile M2200 can control conveyors and packing hoppers. It connects to the industry standard CANopen network and has a built-in programming language for custom applications.

The M2200 connects to most types of label printers for labeling of catch products. Various label formats are stored in the scale or maintained from a PC computer. A variety of software applications are available for the M2200.

Platform no.	PL2220	PL3220	PL4220	PL5220	PL6038
Patform outer dimension	250x300mm	290x390mm	400x550mm	500x600mm	380x600mm
	9.7x11.7in	11.7inx15.6in	15.7x21.6in	19.7x23.6in	15x23.6in
Weighing range (accuracy)					
1.5-3 kg (0.5-1g)	x				
3-6 kg (1-2g)	x				
6-15 kg (2-5g)	x	x			
15-30kg (5-10g)		x			
30-60kg (10-20g)			x	x	x
60-150kg (20-50g)				x	
150-300kg (50-100g)				x	
M1100 mount and power					
Wall mount	x	x	x	x	x
Ethernet + Mains	x	x	x	x	x
Ethernet + dc	x	x	x	x	x
